- Location: New Delhi, India — Block A: Outpatient & Administration; Block B: Emergency & Inpatient

1. Purpose and Scope

This policy establishes the operational process for inpatient admission, room allocation, advance deposits, daily billing, discharge clearance and handover of medical records.

2. Detailed Policy Clauses

- 2.1** Inpatient admissions are processed through the designated admission function in Block B, subject to bed availability and clinical authorization.
- 2.2** An admission advance deposit may be required before or at admission. The hospital shall communicate the applicable amount or estimate based on the patient's room category and expected services; no unsupported fixed amount is stated in this policy.
- 2.3** Room categories are General, Semi-Private, Deluxe and ICU. Clinical suitability and bed availability determine placement.
- 2.4** Daily billing updates may be provided to the patient/attendant so that accrued charges and pending financial requirements can be reviewed.
- 2.5** Patients/attendants are responsible for settling patient-liaable amounts, including approved non-insurance expenses and amounts not covered by an insurer/TPA.
- 2.6** Routine discharge processing is scheduled between 10:00 AM and 01:00 PM, subject to physician clearance and completion of billing and pharmacy formalities.
- 2.7** The standard discharge clearance sequence is: physician sign-off; pharmacy medicine return and credit; billing settlement; and medical summary handover.
- 2.8** Room/bed occupancy continuing after 02:00 PM may attract late checkout/extended occupancy charges according to the hospital's applicable tariff. The specific amount is not fixed in this policy and shall be communicated by Billing.
- 2.9** Clinical discharge may be delayed when medically necessary even if financial clearance is complete.
- 2.10** No patient shall be denied medically necessary emergency stabilization solely because an advance deposit has not yet been collected.

3. Step-by-Step Patient / Attendant Procedure

- Step 1.** At admission, complete registration, identity verification and admission documentation.
- Step 2.** Review the assigned room category and any communicated deposit/financial estimate.
- Step 3.** During admission, review daily billing updates and raise discrepancies promptly with Billing.

Step 4. When the physician authorizes discharge, begin the four-step clearance process.

Step 5. Complete pharmacy returns/credits and submit any medicines or items requested for reconciliation.

Step 6. Settle the final patient-liable bill or complete the applicable insurance/TPA clearance.

Step 7. Collect the medical summary and other documents released at discharge and follow the clinician's discharge instructions.

4. Escalation, Restrictions and Contact

4.1 Billing disputes should be raised with the Billing Desk before final settlement where possible.

4.2 Insurance-related disputes should be escalated to the 24/7 TPA/Insurance Desk on the Ground Floor, Block B.

4.3 Late checkout/extended occupancy charges after 02:00 PM are governed by the applicable hospital tariff and shall be communicated by Billing.

4.4 For general assistance, contact Reception at +91 98765-AMAR-2.

Document Control: This is an operational hospital policy. Applicable law, insurer terms, clinical judgment, or an individual patient-care plan may impose additional or stricter requirements.
